

## ODL "The software of quantum computing" 09.05.2023

Dear students and interested parties,

we cordially invite you to our upcoming event "The software of quantum computing" on 09.05.2023 from 17:00-18:30 in the conference room of the Graduate Center C7.4 at Saarland University.

Our two speakers are Professor Moritz Weber, Heisenberg Professor of Mathematics at Saarland University, and Anurag Saha Roy, Chief Product Officer at Qruise GmbH. They will give us insights into the world of quantum computing and in particular discuss the software aspects of this fascinating field.

The event will be held in English and will be streamed live. It is free of charge and open to everyone. The link to the stream can be found at: [https://teams.microsoft.com/j/meetup-join/The software of quantum computing](https://teams.microsoft.com/j/meetup-join/The+software+of+quantum+computing)

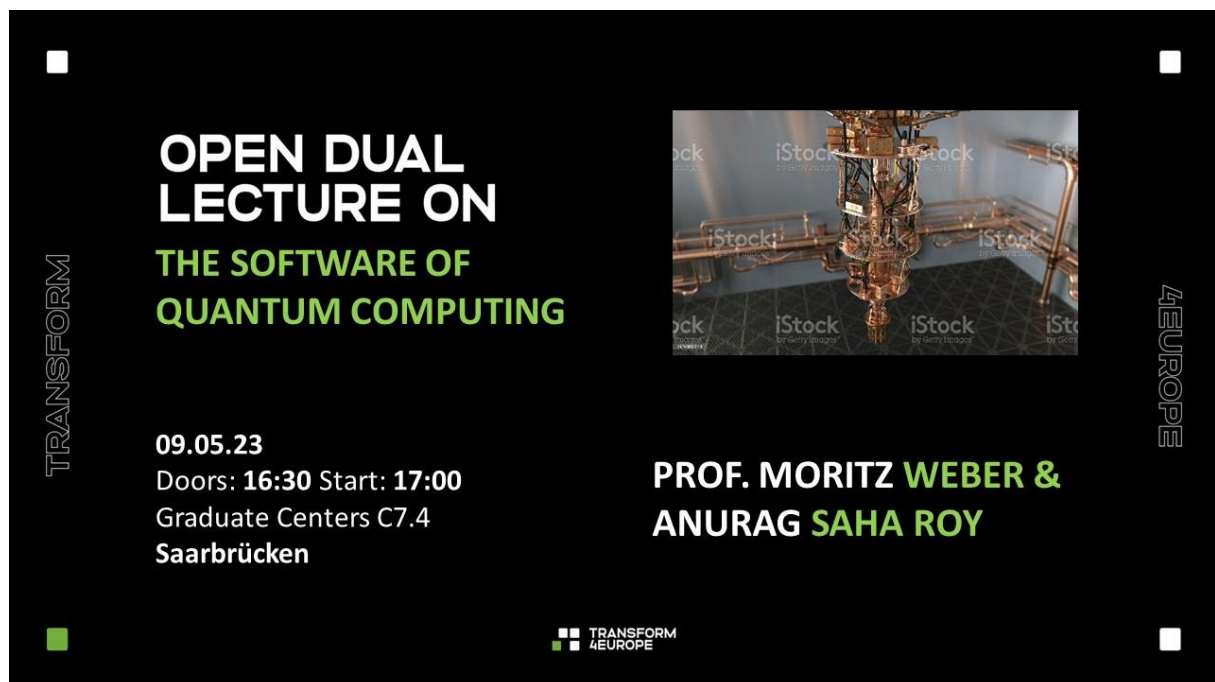

We look forward to your participation and a stimulating discussion.

Yours sincerely,

Nathalie Rau

The poster features a central image of a quantum computing device, likely a superconducting qubit system, with a complex network of copper pipes and a central vertical structure. The background is black with white and green text. The event details and speaker names are prominently displayed. The TRANSFORM 4EUROPE logo is visible in the bottom center and on the sides.

**ODL "Promoting Intercultural Competence through Innovative Learning Technologies" 11.05.2023**

Dear students and interested parties,

we would like to invite you to our upcoming event "Promoting Intercultural Competence through Innovative Learning Technologies" on 11.05.2023 from 17:00-18:30 in the conference room of the Graduate Center C7.4 at Saarland University.

The event will be presented by Professor Michael Byram, an internationally renowned expert in intercultural competence and language teaching research, and Amir Baradaran, founder of CLT Creative Learning Technologies GmbH. In the event, the two experts will present innovative learning methods and technologies aimed at promoting intercultural competencies and supporting language learning.

The event will be held in English and streamed live. It is free and open to everyone. The link to the stream can be found at: [https://teams.microsoft.com/l/meetup-join/"Promoting Intercultural Competence through Innovative Learning Technologies"](https://teams.microsoft.com/l/meetup-join/)
